Your assumption is correct. Location for ITC-BB-11-20190425-11 should be BB-11 rather than BB-09.

**** External Email ****

This CoC and the hardcopy that was included with the shipment do not match up for one of the samples (see attached). Sample ITC-BB-11-20190425-11 is on the paper CoC as having a location of BB-09, but on the attachment CoC of BB-11. It has been entered into our LIMS according to the hardcopy, but I imagine this is a typo. Please clarify.
